- Use as part of a program to reduce dust mites and their allergens
- Ideal for towels, linen and woollens that can harbour allergens
- Contains 100% pure natural Euky Bear Eucalyptus Oil
- pH neutral and phosphate free, garden safe

Everyday control of allergens

Regular washing with Euky Bear Laundry Liquid helps remove dust mite allergens, a major cause of asthma and allergies. A super concentrate liquid with natural eucalyptus oil, Euky Bear gives the clean, fresh fragrance of the Australian bush. Ideal for towels, linen and woollens that can harbour allergens. Can be used safely on most fabrics. No harmful chemicals, bleaches or abrasives. Is pH neutral and phosphate free. Especially good for those who are sensitive to harsh chemicals. Contains 100% pure Euky Bear Eucalyptus Oil.

Dust Mites in the Home

House dust mites are tiny, microscopic creatures which live in nearly every home. Millions live in even the cleanest of homes, and even the most meticulous cleaning will fail to eliminate them.

Dust mites are found in mattresses, carpets, bedding, bed linen and drapes and are mainly concentrated in bedrooms where humans spend approx. 8 hours every day. Up to 2 million can live in an average size bed.

House dust mites like moist conditions and moderate temperatures and thrive on an ample supply of human and animal skin, scales and other debris.

Asthma, Allergies and Family Health

Dust mite allergy is extremely common. Many people with asthma are allergic to allergens from house dust mites. Research in the United Kingdom has shown that over 80% of children suffering from asthma are sensitized to dust mites and their allergens.¹

Reducing the number of dust mites in the house can significantly reduce the frequency and risk of asthma and allergy attacks in the home.^{2,3}

House dust mites allergens can help be removed from clothes, towels, bedding and bedclothes by regular washing using Euky Bear Laundry Liquid.

How to Use

- Add Euky Bear to wash.
- **Top loading:** 1 cap per small wash, 2 caps per medium wash.
- **Front loading:** 1 cap per medium wash.
- Wash on appropriate cycle in hot OR cold water.
- No other washing liquids or powders required.
- For best results, use everyday.

Note: Quantities can be adjusted as required depending on wash size. Euky Bear Laundry Liquid does not contain phosphates.
